

## The Hilmerson Stacker Plate & Stacker Plate Pallet: Temporary Fence Base Stability

### THE PROBLEM: SANDBAGS

**VS.**

### THE HILMERSON STACKER PLATE SOLUTION

- ✗ Sandbags split and degrade
- ✗ Sites look messy and unprofessional
- ✗ Difficult to move and adjust
- ✗ Inconsistent performance in high winds
- ✗ Create tripping hazards and clean-up issues
- ✗ No built-in connection to fence base
- ✗ Loose weights clutter storage areas

- ✓ Galvanized steel plates that don't degrade or spill. Durability that lasts project after project, in any weather
- ✓ Clean, modern plates and neatly stacked pallets reflect a professional jobsite
- ✓ Integrated handle makes plates easy to carry, position, and restack
- ✓ Securely stackable plates let you increase weight as needed for wind resistance
- ✓ No leaks, no spills—just solid, safe support for every fence base
- ✓ Hook system locks plates to the Hilmerson Free Standing Fence Base for extra security
- ✓ Each pallet stores 40 plates securely for fast, clean transport, setup and inventorying
