HILMERSON FREE-STANDING CONSTRUCTION FENCE SYSTEM™

A robust temporary fencing innovation
for construction sites.

 **HILMERSON**
BORN IN THE FIELD. MADE IN AMERICA.

**Temporary Construction Fence:
Reuse & Re-rent for 15+ Years.
Professional Appearance. Maintenance Free.**

No more sandbags! Confidently control a perimeter and reduce trespassing, vandalism and theft with our Construction-Grade™, panelized system equipped with engineered bases. Optional privacy screening and technology-infused work zone safety and security intelligence capabilities.

Made of heavy duty 13g hot-dipped galvanized steel and 2" square 9g chain link, the Hilmerson Free-Standing Construction Fence System™ remains straight & vertical and can be reused and re-rented for 15+ years. Proudly made in the USA!

Two Base Options:

Standard Base

Weighted Base

The Problem:

**TRADITIONAL CONSTRUCTION
PERIMETER FENCING**

- ⊗ Requires continual maintenance
- ⊗ Light 18g steel prone to damage and tip-overs
- ⊗ Wasted time driving posts and difficult to make modifications
- ⊗ Breached, vulnerable perimeters
- ⊗ Unstable, messy sandbag bases
- ⊗ Delays caused by fence contractor's installation and schedule
- ⊗ Lost revenue to rental company

The Solution:

**HILMERSON FREE-STANDING
CONSTRUCTION FENCE SYSTEM™**

- ✓ Maintenance free. Lasts 15+ years
- ✓ Heavy duty galvanized 13g steel & 2"square 9g chain link
- ✓ Install panels in minutes. Save time and labor
- ✓ Secure, professional perimeter
- ✓ Engineered weighted (70 lb) or standard base options
- ✓ Bring fence install & removal in-house. Create revenue stream
- ✓ Pays for itself. Fence panels can be reused and re-rented
- ✓ Easy to stack, ship, store, inventory and reuse

"The Hilmerson panels and gate systems looks great! Couldn't be happier!"

-PROJECT SUPERINTENDENT & EQUIPMENT YARD MANAGER - MORTENSON

"Our construction fence panels are holding up nicely, especially with our fabric screen installed on them! We've had two 'monsoons' come through this spring in Chicago. One was literally a tropical storm that made its way up from the southern states that almost tipped over our portable restrooms and possibly bent our gate. However, the panels didn't seem to flinch at all."

-JONATHAN, SITE SUPERVISOR

Protect & Secure While Saving Time & Money
